

YEAR 2

ENGLISH - This week we have been writing a book review. We have thought about what our favourite part of the story was and why we enjoyed it.

MATHS - This week we have been using the 4 operations and applying our knowledge to solve word problems.

COME AND SEE - We have started our new topic of Opportunities and thought about how Lent can allow us to take extra opportunities to do good things.

A big thank you to all the adults who came to join us on our activity afternoon.

YEAR 1

ENGLISH - this week the children have been inspired by the book *Meerkat Mail* to write postcards. Do ask your child where they pretended to be on holiday.

MATHS - Year 1 have been solving a mixture of addition and subtraction calculations.

COME AND SEE - the children have started their new topic, Change. They reflected on their Lenten Promises and on how they have grown and become more thoughtful of others since Foundation Stage.

Tree of the Week - Sycamore tree. Is a sycamore tree evergreen or deciduous?

FOUNDATION STAGE

This week we will be starting our topic about Easter and spring. The children will be working hard preparing for our Easter assemblies.

The children have now been introduced to alien or pseudo words where they are practising their segmenting and blending with the sounds they know. Please keep working on this skill of breaking down, rebuilding words and recognising the sounds, which are in their yellow diaries, when you read at home. Please could you ensure that you write a comment or signature in the reading diaries every time that you hear your child read at home? It is an important part of our records and assessment.

You will see in the Wow books that on a very wet Monday afternoon we managed to plant the potatoes. We look forward to asking the children to care of the plants over the coming months. There are a number of technology questionnaires in these Wow books that have not been completed - please could these be filled out ASAP?

PA News
