

St Helen's Catholic Infant School

SEND Annual Report 2023-2024

1	How does the school identify children with special educational needs?	<ul style="list-style-type: none">• The method of identification and provision follows a graduated approach. Concerns are first raised and addressed through normal classroom practice. Transition arrangements for children joining Reception are robust and the Inclusion Leader and Class Teacher are closely involved where additional needs are made apparent. We believe that parents and pre-schools have a responsibility to liaise with us.• A range of assessments and interventions are scrutinised to measure impact and progress. Interventions have a pre and post assessment measures, whether qualitative or quantitative.• Provision beyond the normal, differentiated classroom approaches and learning arrangements take the form of a high quality, personalised teaching and learning approach. An Individual Education Plan is developed in the form of a 'One Plan' in collaboration with staff, specialists, other professionals, child and family. Progress is reviewed termly and adaptations to the support provided are made as required. Plans relate to a clear SMART set of expected outcomes designed to stretch the child's learning and development. The quality, appropriateness and impact of the overall provision are also kept under regular review.• Schools have funding identified within their overall budget to provide high quality, appropriate support. More extensive support will require additional core funding. At this point, the school or parents can apply to the Local Authority for an assessment of Educational, Health and Care needs. If the SEND panel at the Local Authority agree to the assessment, they will undertake the assessment with the support of SEND specialists involved, the family, the school and the child. Together an EHC Plan developed. This should take no more than 20 weeks from start to finish.• Pupil Premium Grant is also deployed and reported termly to Governors.
2	How many children in the school have special educational needs?	19
3	How many children have an EHCP?	5

4	How many children have met the exit criteria and no longer need that support?	None
5	What types of special education needs does the school currently provide?	<p>St Helen's Catholic Infant School endeavours to do its best to make sure that a child with SEND gets the support they need and makes every attempt to ensure that children with SEN engage in the activities of the school alongside pupils who do not have SEN;</p> <p>This is done by using the following:</p> <ul style="list-style-type: none"> • A designated teacher to be responsible for co-ordinating SEND provision –The Inclusion Leader • Parent consultation meetings • Pupil progress meetings with teachers and support staff • Using the Essex Approach of One Plan meetings and following up on recommendations made by the Inclusion leader, staff, outside agencies and parents in line with the SEND Code of practice 2015 • An open-door policy, where parents can meet with class teachers and /or Inclusion leader and /or Head Teacher to discuss their child's needs an to be able to voice any concerns • Making effective use of all support services and other outside agencies available to us wherever possible and putting in place any Care Plans provided by them or other professional recommendations • Accessing the Local Offer within Essex • Regular interventions from support staff /Inclusion Leader and teachers to support the Childs special educational needs • Providing current up to date special educational needs training for all staff

6	How are pupils with SEND ensured access to the curriculum?	<ul style="list-style-type: none"> • All staff are informed of the principles of quality first teaching and their responsibility for teaching all pupils in their class. We differentiate learning in lessons. We believe in trying to meet pupils' needs through this approach. However, where a child has different or additional needs which prevents or hinders them from making progress alongside their peers, a variety of strategies and interventions may be used. This may lead to involvement of external professionals or advice from outside agencies. At this point we would consult with parents before referring to extended services. • The Inclusion leader together with the Head Teacher monitors assessment information and discusses pupil progress with class teachers. The data is also used to inform us about the effectiveness of interventions, next step targets and further interventions which may or may not need to be put into place. • See SEND policy <p>See teaching and learning policy, Inclusion Policy</p>
7	What are the targets and outcomes for children with special education needs?	<p>At St Helens Catholic Infant School, we aim to promote a positive learning environment for our children with SEND through:</p> <ul style="list-style-type: none"> • Ensuring they feel a valued part of our school community • Providing a safe and supportive environment • Having access to a range of teaching and learning strategies to suit their needs • Promoting independence as a learner, without over reliance on adult support • Identifying and addressing their needs as quickly as possible • Communicating needs appropriately throughout the school • Encouraging parents to maintain close links with the school to help support their child throughout their learning and development
